### General data

|                     |                  |
|---------------------|------------------|
| Location            | Netherlands      |
| region              | Gelderland       |
| Year of manufacture | 2005             |
| Warranty            | Without warranty |

### Technical parameters

|                                             |            |
|---------------------------------------------|------------|
| Maximum thickness of the rolled sheet metal | 0.15748 in |
| Working length of the rollers               | 161.4 in   |
| Number of driven rolls                      | 2 pcs      |
| The diameter of the roller no. 1            | 0.11811 in |
| The diameter of the roller no. 2            | 0.15748 in |
| The diameter of the roller no. 3            | 0.11811 in |
| Total power demand                          | 9.4 hp     |
